

UDI 2021-007V6 Use of diacritics

For Turkish, guidelines have been drawn up for how letters with diacritics should be registered:

Ü - written as Ü

Ö - written as Ö

Ğ - written without the diacritic, as G

Ş - written without the diacritic, as S

Ç - written without the diacritic, as C

C - written as C (although this letter is pronounced *dj* in Turkish)
