

Application for residence in accordance with the EU/EEA regulations has been registered

Name:

Reference number:

I understand that the application has not been submitted until I have met with the police and submitted the necessary documents, including a signed paper copy of this letter. The application form gives me an overview of the documents that I have to submit. This document list is adapted to my situation as described in the application form. I understand that the police and the UDI can ask me to send additional documents digitally. I hereby confirm that the police have complied with their duty to provide guidance and have given me clear information about which documents are missing and how to forward additional documents.

The waiting time is calculated from the day I deliver the documents. I am aware that the application can be sent to the Norwegian Directorate of Immigration (UDI) and may be rejected if the necessary documentation described in the checklist is missing or incomplete.

I understand that all relationship documents from countries outside Norway may have an apostille stamp or be legalized by the foreign authority in the country where they are issued. I understand that I must find out myself if this applies to my documents. I find out this by going to the UDI's website: <https://www.udi.no/en/word-definitions/apostille-and-legalisation-for-eueea-cases/>.

I understand that the Norwegian immigration authorities can obtain relevant information about me or my reference person from other public agencies, process this and any subsequent cases under the Immigration Act. Collaborating agencies include the tax authorities (Skatteetaten), the Norwegian Labour and Welfare Administration (NAV) or The Norwegian State Educational Loan Fund (Lånekassen).

I confirm that the information I have provided in my application is correct and complete. I understand that if I provide materially inaccurate or manifestly misleading information or refrain from providing information of material importance, I may

- have my application rejected, or later have my residence card revoked
- be expelled or deported from Norway and Schengen. If I am deported, I may also be registered in the Schengen Information System (SIS), which means that I will be denied entry throughout the Schengen area
- be punished according to Norwegian law

Children affected by a decision under the Immigration Act have the right to be informed and express their opinion in connection with the case. Children who can do so must sign the application. If the child is under 18 years of age, parents or guardians must consent to the application. If parental responsibility is shared, both parents must consent to the application.
